FOREST CITY.

Forest City, May 30 .- Considerable curiosity was aroused about town this evening by a dozen men who arrived on an afternoon train and made their way to a hotel. They were said to be coal and iron police by some and others think they have come to take the place of the firemen and pump-runners, but it is rumored that these men are not go-ing to leave their positions. The company is building a barb wire fence around the breaker. The register and recorder was in town yesterday and swore fifteen local men as coal and

iron police. There is no indication that the strik ers will raise any trouble hereabouts.
